# NCS37021

Table 2. ABSOLUTE MAXIMUM RATINGS (Notes 1, 2)

| Rating               | Symbol | Value | Unit |
|----------------------|--------|-------|------|
| Supply Voltage Range |        |       |      |

A, MLD input = 60 Hz, Refer to Figure 2)

|    | Min | Typ  | Max | Unit |
|----|-----|------|-----|------|
|    | i40 |      | 95  | °C   |
|    | 11  |      | 13  | V    |
|    |     |      | 10  | mA   |
|    |     | 1.3  |     | mA   |
|    |     | 160  |     | mV   |
|    |     |      | 4   | mA   |
|    |     | 3.3  |     | V    |
|    |     | 3.3  |     | V    |
|    |     | 1.65 |     | V    |
|    |     | ±125 |     | V    |
|    |     |      | 135 | ms   |
|    |     |      | 70  | ms   |
|    |     |      | 20  | ms   |
|    |     | 1.95 |     | V    |
|    | 2   | 4.75 | 7   | kHz  |
|    |     | 50   |     | ms   |
|    |     | 25   |     | MHz  |
| 1% | 80  | 87   | 95  | Vrms |
|    |     |      | 400 | A    |
|    |     |      |     | A    |
|    |     | 50   |     | k    |
|    | 16  |      |     | ms   |
|    |     | 1    |     | s    |
|    |     | 1    |     | min  |
|    |     | 12   |     |      |

APPLICATIONS INFORMATION

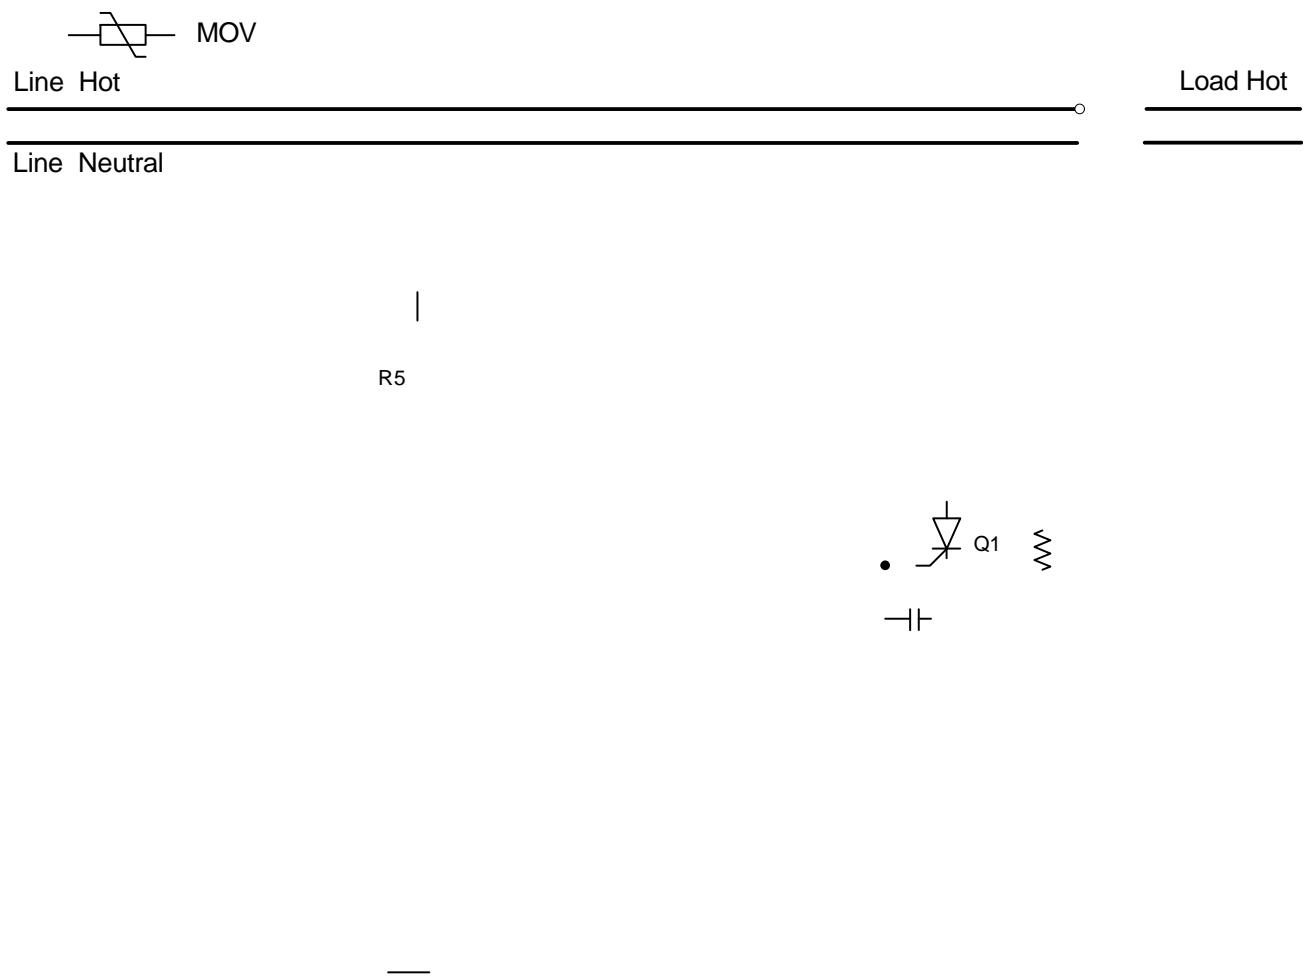

Figure 2. GFCI Receptacle Application Diagram

Table 5. RECOMMENDED EXTERNAL COMPONENTS

| Component Type      | Instance           | Value         | Note  |
|---------------------|--------------------|---------------|---|
| SCR                 | Q1, Q2             | i             |   |
| NPN                 | Q3                 | i             | MMBT6517LT1 iD  |
| Diode Bridge        | DB                 | i             |   |
| Diode               | D1, D2, D3, D4, D5 | i             |   |
| LED                 | D6                 | i             | LED for self test failure                                       |
| Capacitor           | C1                 | 1 F           | SUP pin holding capacitor                                       |
| Capacitor           | C2A, C2B           | 1 F           | Internal 3.3 V and 1.8 V reference filter cap                   |
| Capacitor           | C3                 | 10 nF         | SCR gate filter capacitor                                       |
| Capacitor           | C4                 | 56 nF         | Anti aliasing filter (1 kHz corner frequency)                   |
| Capacitor           | C5                 | 1 nF          | High frequency filter   |
| Capacitor           | C6                 | 33 nF         | Differential current filter capacitor                           |
| Capacitor           | C7                 | 1 nF          | CTB bias filter   |
| Capacitor           | C8                 | 10 nF         | Ground Neutral CT resonance capacitor                           |
| Capacitor           | C9                 | 120 pF        | Ground Neutral CT AC coupler                                    |
| Capacitor           | C10                | 100 pF        | Ground noise filter   |
| Resistor            | R1A, R1B, R1C, R1D | 25 k          | Current limit resistors   |
| Resistor            | R2                 | 1 M           | MLD current limit/under voltage attenuator                      |
| Resistor            | R3                 | 20 k          | Differential filter resistor                                    |
| Resistor            | R4A                | 36 k          | Precision resistor (1%), Differential burden/CT low pass filter |
| Resistor            | R4B                | 50            | CT low pass filter  |
| Resistor            | R5                 | 370           | Differential burden resistor, 1% tolerance                      |
| Resistor            | R6                 | 0 i200        | Sets the GN sensitivity   |
| Resistor            | R7, R13            | 4.7 k         | Sets the SCR gate current                                       |
| Resistor            | R8                 | 15 k          | Controls the self test current in the Q3                        |
| Resistor            | R9                 | 3.3 k         | LED current limiter resistor                                    |
| Resistor            | R10                | 10 k          | Sets the current in the base of Q3                              |
| Resistor            | R11                | 10 k          | SCR gate discharge current                                      |
| Resistor            | R12                | i             | Current limit resistor for SCM                                  |
| Inductor            | L1, L2             | 1 k @ 100 MHz | CIM05U102, CT RF filter   |
| Current Transformer | CT1                | 1000          | Differential current transformer                                |
| Current Transformer | CT2                | 250           | GN current transformer  |
